Benefits
- Non-toxic
- Very Safe
- Reduces Pain
- Cost Effective
- Easy to Apply
- Superior Alternative to: Analgesics, NSAID's, other Medications, and other Modalities.
- Increases Rate of Healing
- Improves Tissue Repair
- Often Makes Surgical Intervention Unnecessary.

Healing Effects
- Relief of Acute Pain
- Relief of Chronic Pain
- Reduces Stiffness
- Reduces Pain
- Increases Micro-Circulation
- Reduces Muscle Spasm
- C-Reactive Protein
- Anti-Inflammatory
  - Healing
  - ATP Production
  - Super Oxide Dimutase
  - Tissue Cell Oxygen
  - Tissue Repair
  - Fibroblasts

Common Uses
- Chronic Pain
- Acute Injuries
- Neck & Back Pain
- Muscle Spasm
- Achilles Tendonitis
- Joint Injuries
- Sprains & Strains
- Arthritis
- Calcaneal Spur
- Hip Sprain
- Plantar Fascitis
- Sciatica
- Bursitis
- Shoulder & Elbow Pain

CLINICAL EFFECTS

Blue LED
- Destroys acne-causing bacteria: Propionibacterium acnes (P. acnes).
- Used to treat inflammatory acne vulgaris that has not responded to other acne therapies.
- May be effective in treating hyperproliferative skin conditions by reducing proliferation due to the induction of differentiation.

Red LED
- Infrared exerts a powerful harmonizing influence upon the central and autonomic nervous systems.
- Provides gentle heating of the surface tissue layer.
- Acts upon receptors placed in the skin, increasing pain sensation threshold.
- Micro-circulation activation.
- Stimulates epithelial cell growth and regeneration.
- Reinforces laser penetration into target tissue.

Super Pulsed Infrared Laser Technology
- Activation of RNA and DNA synthesis.
- Creates the energy density necessary to deliver light energy to the target tissue.
- Increased cell metabolism in the form of ATP production.
- Improvement of microcirculation.
- Reinforcement of collagen synthesis and reduced fibrous tissue formation.
- Anti-inflammatory response.
- Edema reduction.
- Pain reduction.
- Stimulation of T-cell production.
- Increased levels of prostaglandin synthesis.
MR4 Super Pulsed Laser Therapy Treats Over 300 Condition

- Abscesses, phlegmons, furuncles, hidradenitis, carbuncles
- Acne vulgaris
- Anal itching
- Angiopathy and retinopathy, ophthalmic
- Anal fissures
- Arrhythmia
- Arthritis & arthrosis of temporomandibular joint (TMJ)
- Arthritis, arthrosis
- Atherosclerosis of vessels of lower extremities
- Auto accident injury
- Balding (alopecia)
- Brain injury
- Bronchial asthma
- Bronchopneumonia
- Bruises
- Burns and frostbites
- Bursitis, subacromial
- Calcaneal spur
- Carbuncle
- Cardiac rhythm disorders
- Cardiomyopathy
- Cellulitis
- Cervical erosion
- Cervical sprain strain
- Cholecystitis
- Cirrhosis
- Colitis
- Concusion
- Constipation
- Contusion
- Cornea, pathology and treatment of corneal trauma
- Coronary heart disease, CHD
- Cyst, ovarian cystitis
- Degeneration of liver, fatty liver disease mellitus
- Dislocation
- Disc herniation
- Duodenitis
- Duodenal ulcer
- Dyskinesia, biliary dyskinesia
- Dysentery, vegetative vascular (VVD), neurocirculatory (NCD)
- Dysuria
- Ear diseases
- Eczema
- Edema, inflammation
- Encephalopathy, circulatory
- Endarteritis, obliteratoring endometrial hyperplasia, active conditions
- Endometriosis
- Endomyometritis
- Enuresis
- Epicondylitis, medial, lateral
- Epilepsy
- Fractures, bone injury
- Fracture traumatic
- Sinusitis, frontal
- Frozen shoulder
- Furuncle
- Gastritis
- Gastroenterology, infant
- Gingivostomatitis
- Glomerulonephritis
- Haematoma
- Haemorrhoids
- Headache
- Hepatitis
- Hernia-intervertebral disc
- Herpetic lesions
- Hidradenitis
- Hip pain in gynaecological disorders
- Hypertension arterial
- Hypertension, essential
- Hypoglycaemia
- Inflammation
- Injuries to ligament around joints (dislocation, strain)
- Insufficiency, venous
- Insufficiency, vertebral basilar
- Ischialgia (sciatica)
- Jaw, fractures
- Jaw pain
- Joint diseases
- Joint injury
- Joint pain
- Joint dysfunction
- Kidney and urinary tracts
- Diseases of children's
- Laryngotracheitis
- Ligation injury, sprain/strain
- Liver diseases
- Lumbar pain (low back)
- Mastitis
- Mastitis, chronic cystic
- Meningitis
- Meniere’s disease
- Menstrual cycle, functional disorders of
- Mesotympanitis, chronic
- Metrofibroma
- Metrorrhagia
- Migraine, cervical
- Muscle injury, strain/sprain
- Myalgia
- Myocardial infarction
- Myocarditis
- Myositis
- Nerve injury
- Neuralgia, facial
- Neuralgia, facial
- Neuritis, intercostal
- Neurodermatitis
- Neuritis of facial nerve
- Neuritis, facial
- Neuritis
- Oligomennorhea, pelvis pains
- Onychomyositis
- Osteoarthritis
- Osteochondrosis of vertebral column
- Otitis (ear infections), otosclerosis, hearing impairment
- Pain - acute from trauma
- Pain chronic
- Pancreatitis
- Parodontosis
- Paronychia
- Periarthritis, scapulohumeral
- Periodontitis
- Pharyngitis
- Pneumonitis
- Postcholecectomy syndrome
- Postinfarction state
- Post-surgical healing
- Prophylaxis of occupational disease
- Prostatitis
- Psoriasis
- Pulpitis, acute, chronic
- Pyelonephritis
- Radiculitis, radicular
- Neurologic diseases
- Radiculopathy
- Raynaud's disease
- Rhinitis
- Salpingitis
- Scalp diseases
- Scars, postoperative
- Sciatica
- Sinusitis
- Skin of face and neck
- Rejuvenating
- Skin trauma: contusion, soft tissue injury
- Spinal cord injury
- Spondyloarthrosis
- Spondylodiscitis deformans
- Sprain
- Stenocardia
- Sterility, some forms
- Stomach diseases, stomach ulcer
- Stroke, consequences of
- Subluxation
- Tenosynovitis
- Tennis elbow
- Thyroid enlargement
- Thyrotoxicosis
- Tinnitus and hearing impairment
- Tonsillitis
- Tonsillitis, chronic exacerbatation
- Toxicodermatitis
- Tramatic brain injury (TBI)
- Tympanoplasty
- Ulcer trophic
- Ulcer, varicose
- Urethritis
- Varicose veins of
- Venous columns of
- Vertebrae column diseases
- Visual acuity improvement
- Warts
- Whitlow, infiltrate, hydradenitis
- Wounds, traumatic, postoperative
